L'EXPRESS :

Colorful and full of humor.

LE FIGARO :

Very smart and funny.

ELLE :

It's fun, full of charm and rhythm.

MARIE FRANCE :

Michèle-Marie is an enchantress in a very Mary Poppins style...
It's fun, full of spirit; the pictures are delicious.

LE MONDE :

The lesson is delightful. Original and fun; has been awarded the « Loisirs Jeunes » prize. ★

TELE CABLE :

It's lively, sparkling, light as a cartoon... ★
Fluorescent characters, harmoniously colored are bouncing over the keyboard notes.
Some new words, a few are enough, not too many... it is short and refreshing, in a word, it's rather very very well done.
Michèle-Marie is a fairy full of charm, her texts overflow with humor and happiness à la Mary Poppins – another magician. (Ingrid Violet)

CABLE HEBDO :

Funny video clips full of rhythm. A dynamic course.

LE CABLE :

The first steps into a new language for the younger ones. Great practice for the older ones.

From
3 years
on...

A poetical world full of fantasy which
has been appealing to grown ups and
children for years!

Welcome a Pop Language
club at home!

Pop Language club ?

Welcome home 2 groups of 6 to 10 children of the same age once a week, to have their Pop Language session.

What does a Pop Language class look like?

A Pop Languages teacher, trained in our program, will come to your place and will train the children to sing, to dance, to speak in English, French, or Spanish according to your choice. The group will need enough room for that purpose, plus a TV set and a broadband internet connection.

How long does the session last ?

- 30 minutes for the 3-4 years old
- 45 minutes for children from 5+

What is the fee?

A flat price for the group to be divided by the number of participants, which includes tuition fee, activity sheets and access to the songs at each child's home for follow up and pleasure.

How can I recruit the participants?

To help you inform the children and the parents about the service offered by Pop Languages, we will provide colorful information leaflets mentioning where and when the classes will take place.

You will constitute homogeneous groups, of the same age :

- 3-4
- 5-7
- 8 and up

How can I open a Pop Language club at home ?

Your Pop Languages center will assign a teacher who will organize an information meeting at your place. Parents and children will be invited to come and find out more about Pop Languages and to sign up for the course.

Your presence or the presence of an adult is required each week before, during and after the session.

You will be the Pop Languages contact for parents and children.
